Numbers based on totals reported to ATG by auction houses, we do not audit the numbers submitted to us. Year-on-year figures show changes for equivalent figures for 2021 as published last year in ATG 2530. Figures for market share change show the year-on-year change in percentage points against the whole market. Notes: (i) Timeline holds most of its auctions in Harwich, Essex, but maintains premises in Berkeley Square, London. (ii) Bonhams closed its coins and medals department part-way through 2022 so no longer appears in this table.
